September 18, 2012

Dear Directors of the North Penn School District:

As founders and owners of North Penn Dental Arts, located at 1570 Sumneytown Pike, Lansdale (Towamencin Township), we respectfully ask you to approve the application of the Education for New Generations Charter School (eNG). We are encouraged by the philosophies and ideas presented by eNG's Founding Coalition and believe that families residing within the North Penn School District will benefit from having this proposed charter school as an option for their children.

Respectfully,

Dr. Stanley J. Heleniak

Dear North Penn School District,

I am writing in support of the Educational for New Generations (eNG) Charter School. I think it will be a welcome addition to the district's current educational offerings for students K-8th grade. eNG will offer creative programming to meet the needs of all students which should be attractive to some families within your boundaries.

Thank you for your time and consideration of this matter.

I strongly believe the concept and curriculum proposed by the founding coalition will provide a welcome alternative to some students and their families. As the Chair of the Department of Teaching and Learning at Arcadia University we would be interested in exploring establishing collaborative relationships with eNG. This school is one example of offering educational alternatives that facilitate the success of all students in the Commonwealth.

It is for these reasons that I endorse eNG and urge your approval of their application.

Sincerely,

Dr. Christina Ager

Re: eNG Charter Application

Dear North Penn School District,

I am writing because I believe that the Education for New Generations (eNG) will be successful in offering a collaborative system that will help ensure children attending the charter school receive appropriate attention in a way that complements what is already happening within the district. This charter school proposal offers an opportunity for your district to respond to the unique needs of your community in offering an alternative for families.

I strongly believe in the concept and curriculum proposed by the founding coalition. Student teachers and those students requiring field work placements at Arcadia University may also benefit from experience within the unique setting eNG proposes to offer. I believe this innovative school will offer an invaluable learning experience for all. It is for these reasons that I endorse eNG and urge your approval of their application.

Thank you for your time and consideration of this matter.

Sincerely,

To whom it may concern:

The Center for Teaching Excellence would be pleased to provide the staff of Education for New Generations Charter School with Professional Development for the National Board for Professional Teaching Standards (NBPTS) Take One! Program. The *Take One!* Program improves teaching quality by providing teachers with the opportunity to reflect on their own classroom instructional practices within the context of national teaching standards. *Take One!* allows teachers to “sample” National Board Certification—not only to improve their teaching practices within their classrooms and schools, but also to begin the path toward National Board candidacy.

Independent evaluations, as well as the schools themselves using Take One!, are reporting positive outcomes that include a strong learning culture, sharing of teaching best practices and improved student test scores.

The Center for Teaching Excellence will provide an on-site orientation to the NBPTS process and Take One! option for the faculty free of charge. In addition, it will provide your teachers who participate in the process with the following support for a fee of \$400 per candidate:

- Workshops on the NBPTS process
- Technical support via phone and email
- Mentoring by current National Board Certified Teachers

The Take One! tuition is \$395 per teacher which is payable to NBPTS.

We look forward to hearing from you and wish you success with your new school.

September 28, 2012

Dear Directors of the North Penn School District,

I would like to offer my support to the Education for New Generations Charter School (eNG) and respectfully request your approval of the school's charter application.

I have built my own business on a philosophy similar to that of eNG. Approaching education with a strong foundation built on physical and mental well-being is at the core of my own teaching, and I am very encouraged by the proposal of the founding coalition. I have pledged my support to the school and its programs, specifically an anti-bullying program. I urge you to do the same and offer your support by approving eNG's application and granting parents the power to choose an education that is the best fit for their children.

My best,

A handwritten signature in cursive script that reads "Londale Walden".

Londale Walden
Director, Pro Martial Arts
North Wales, PA

Dear Mrs. Star,

I am very interest in partnering with you and the Education for New Generations Charter School.

Your school sends a very positive message to students. A message that tells each of them that they are important, and that you have time to meet their individual needs.

Montgomery County is in dire need of another school and another choice for parents. My children are grown but certainly would have attended a school such as this. We did not place them in the public school system due to the size of the North Penn High School. They were children who needed a small group setting to be successful.

After over thirty years of teaching dance, I realize the importance of a well rounded education. An education that encompasses, not only academia, but extra-curricular classes as well. I truly believe that you need to expose children to a wide variety of learning experiences.

Dance provides a creative outlet, allowing children to tap into self-expression. Not only is it a positive way of exercising their bodies but also exercising their minds. Through dance, children can bring their classroom lessons to the dance floor. They learn how dance can affect their overall academic experience. It builds confidence and promotes healthy habits that will last a lifetime.

It is my hope that I can partner with your school by providing dance classes in Jazz, Tap, Theatre Dance and Creative Movement. These lessons can be taught in 6-8 week sessions. They would work in conjunction with each subject teacher, and/or they can be taught after school, with the emphasis on performance within the school and in the community.

This venue has many possibilities for dance. I would be more than willing to explore each of them. I definitely would be interested in the opportunity to become part of this very innovative team of educators

Sincerely,

Cathy Tubolino

PETITION TO SUPPORT THE
"EDUCATION FOR NEW GENERATIONS CHARTER SCHOOL"

By signing this petition, I hereby state my support for the Education for New Generations Charter School to receive its charter. I value the initiative and agree with the school's mission and vision. I believe it would be great to have the Education for New Generations Charter School as part of the North Penn community as soon as possible. I understand that the Education for New Generations Charter School has not yet received its charter. I also understand that by signing this petition I am officially and publicly declaring my support for a charter to be granted to the Education for New Generations Charter School. Signing this petition does not bind me in any way to the Education for New Generations Charter School or to its members, and I have no obligations toward them, be in terms of enrolling my children, financial support or otherwise, but may do so if desired.

Sincerely,

The undersigned

PETITION TO SUPPORT THE

"EDUCATION FOR NEW GENERATIONS CHARTER SCHOOL"

By signing this petition, I hereby state my support for the Education for New Generations Charter School to receive its charter. I value the initiative and agree with the school's mission and vision. I believe it would be great to have the Education for New Generations Charter School as part of the North Penn community as soon as possible. I understand that the Education for New Generations Charter School has not yet received its charter. I also understand that by signing this petition I am officially and publicly declaring my support for a charter to be granted to the Education for New Generations Charter School. Signing this petition does not bind me in any way to the Education for New Generations Charter School or to its members, and I have no obligations toward them, be in terms of enrolling my children, financial support or otherwise, but may do so if desired.

Sincerely,

The undersigned

EDUCATION FOR NEW GENERATIONS CHARTER SCHOOL

By signing this petition, I hereby state my support for the Education for New Generations Charter School to receive its charter. I value the initiative and agree with the school's mission and vision. I believe it would be great to have the Education for New Generations Charter School as part of the North Penn community as soon as possible. I understand that the Education for New Generations Charter School has not yet received its charter. I also understand that by signing this petition I am officially and publicly declaring my support for a charter to be granted to the Education for New Generations Charter School. Signing this petition does not bind me in any way to the Education for New Generations Charter School or to its members, and I have no obligations toward them, be in terms of enrolling my children, financial support or otherwise, but may do so if desired.

Sincerely,
The undersigned
