Dear Mr. Skrocki,

First Student is proposing a one-year Home to School Contract for the North Penn School District for the 2018/2019 school year

1. Six percent increase over current 2017/2018 Home to School rates for the 2018/2019 school year.
2. No new vehicles for the 2018/2019 school year. The average age of the fleet for the 2018/2019 school year will be nine years old.

We have enjoyed working with the administration and staff of the North Penn School District and look forward to the opportunity to extend our successful partnership for years to come.

Please contact me to discuss further.
